Personal Belongings/Drop-Off Policy

Personal belongings brought in at time of intake should be minimal and fit neatly inside bedroom storage space provided; Excess belongings will need to be picked up or stored for the duration of treatment. It is your responsibility to ask for any items stored at the time of your discharge.

We allow drop-offs of personal belongings on **Saturdays between 9:45-10:15am** and **Tuesdays between 1:30-2pm**. If a loved one attempts to drop something other than medication off outside of this day/time, they will be turned away along with all items, and asked to return during designated drop-off times. These times are non-negotiable.

Community food is available first-come-first-served and may not be labeled with one's name for a later time or stored in bedrooms. Any food or beverage items (other than water) found in bedrooms will be promptly removed. Ongoing violations of these policies will be addressed and could lead to discharge.

The only exception is for medication, which may be dropped off at any time. Additional items may not be dropped off with medications outside of drop-off times

For friends/family who cannot come during designated drop-off times, the alternative is to mail items or have them mailed directly from an online retailer—Items must come in the mail or through a shipping service (USPS, UPS, FedEx, etc). We do NOT allow store drop-offs/deliveries through services like InstaCart, Walmart, etc.

All drop-offs and packages will be searched before being given.

A locker (14.5" deep by 10.5" wide and 8.25" tall) is provided to you for any items you wish to keep secure. Lockers may be subject to search at any time without notification. Any items left in locker will be stored along with the rest of your property for 30 days after discharge. Apricity is not responsible for lost or stolen items kept in or outside of your assigned locker.

All property left behind at time of discharge will be stored for 30 days and then discarded/donated.

You or a representative that you designate to us by phone or in writing will need to call and arrange a time to pick up personal property before 30 days have lapsed since your discharge from services.

Any questions can be directed by calling the admissions coordinator 920-739-3235 ext. 1. If you cannot reach them and you need immediate assistance, call the house manager at 920-731-3981 ext. 0
